REMEMBER...

Four years

And it comes down to one day
When we can finally say
We, the Seniors, are graduating today
The class of 2004 has made it all the way

FRESHMAN YEAR

Ah...Freshman year-What can we say about it
Not much
It came and left, like kids skipping rotating block
Being at the bottom of the social ladder
With only upper class to look up to...literally

SOPHOMORE YEAR

You think you're cool
But you have no idea
True Life: I'm a sophomore
We're moving up in this school
3rd place in Spirit Week '02-Woohoo!
MCAS, well wasn't that loads 'o' fun
Took us 10 hours til we we're done

JUNIOR YEAR

You can finally call yourself an upper classmen
With two years under your belt
You enter this year with confidence and ease
Till you hear the words
Pass in your Junior Paper please!
You hear it's your most important year
You get your new license, your old car
And the freedom to leave class
Because you got your first real pass

SENIOR YEAR

*We've made it to the top
 The past four years has been a roller coaster ride
 And now it's coming to a stop
 2004, the Year to remember
 To say now, We're finally Seniors
 Even though Homecoming we were out spirited again
 First is the worst, Second is the best
 We, the class of 2004 will be unlike the rest
 After four years, it's doubtful we'll be able to remember
 The test we failed or the project that we
 handed in late
 Or never did at all
 But we will remember the strong bonds we formed
 With friends and the impact our teachers had on us
 While praised for our individuality
 We all had one thing in common*

*The time we spent at Nauset was a time unlike
 any other
 While we've probably taken Nauset High School
 and it's surroundings for granted
 At some point on our lives it will dawn on us that
 not many students experienced a school, a home,
 a family like Nauset High School
 So as we begin to write the next chapter of our lives
 Wherever it may lead
 We should stop and remember the time we
 shared together
 No matter where we go from here
 We are, and always will be, the Class of 2004*

To all my friends and family who supported me I owe a great deal of love and respect. I somehow managed to procrastinate through high school, although I didn't mean to I just didn't get around to working hard. To my co-workers I thank you for the fun I had (or lack there for of) over the summer and I hope Kameron learns how to spell soon and Chase loosens up a little. As much of a love/hate relationship I had with this school I will miss parts of it. Anyone who knows me knows that I couldn't describe the Nauset experience in just a paragraph, it would take me pages of painful recollection to describe the good times and the bad times, and the down right weird times I've had. I'm leaving now but you'll soon see my picture on TV, good or bad. Don't be sad for my departure for I'm going to a better place.

Music has made me who I am. It has provided me with an outlet for all of my feelings and has allowed me to establish myself as a free thinking person in this world. Music has provoked me in every step of my life; it has challenged me and made me question everything I stand for, time and time again. My continuous involvement in the underground music scene is the most rewarding part of my life and would not have been possible without the support of my friends and parents, especially my mother. The gift of music will never stop revealing itself to me. I would like to reveal it to you.

What a waste of four years, but we made the best of it. First, to my main man, Kevin. High school played a small part in our life, we go all the way back to kindergarten. I knew him before he was the 'Weaz'. So many good times. And second goes out to Trent. We go way back, the connection. Ben, always remember elementary school. Smith, thank god for basketball camp. Wilbur, the beads and you're the man. Zack, you may cross the line sometimes, but someone needs too and the fam, Mom and Dad, thanks for everything.

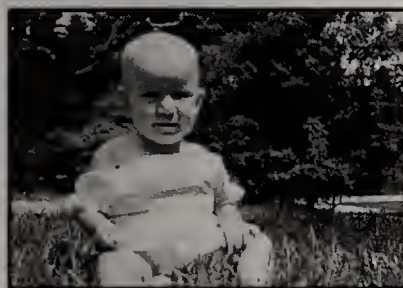

Peter Whinn

From my friends, whose incredible intelligence and wit I've become addicted to. I've learned more in these 4 years than I have in almost all my classes put together. Emily, I'm glad to see you. You're hilarious. The rest of you, also hilarious. Congratulatory backslaps all around. My teachers have been a) dedicated individuals b) amazingly tolerant of my somewhat abrasive personality - I'm grateful for the latter above all else. My lovingly demanding parents are just that. I quite like you guys, and hope to make you proud of me. As a wise person once said, "It costs nothing to play".

CLASS OF 2005 Juniors

CLASS OF 2005

Summer Horosopes

Aries: This summer you might make a decision that you might regret. So use your head. By the end of the summer, everything will end up working out, but it will be a struggle to get there.

Deal with the important stuff.

Taurus: You won't realize that what you do has consequences. You might become a little self-absorbed. By the end of the summer your conscience is crystal clear again.

Gemini: The start of the summer will bring you everything you want and romance will rock your world. Life will get very busy, and you'll do anything to escape it. At the end of the summer things will go your way again.

Cancer: This summer will bring you much happiness, and you'll be very satisfied, and strong. Your life will shift in August, celebrate, it doesn't get much better than this.

Leo: Relax and enjoy yourself. Partners in crime will come in handy, you won't have to explain or apologize. You're handed what you want on a golden platter.

Virgo: June liberates you from all previous mistakes. You will find love, everyone is on your side.

Libra: The summer won't start off great. But by late July you win independence from things that aren't working. You get yours no matter what anybody else gets.

Scorpio: Accept the unexplainable. Passion runs high. Others will be proud of you for good reasons.

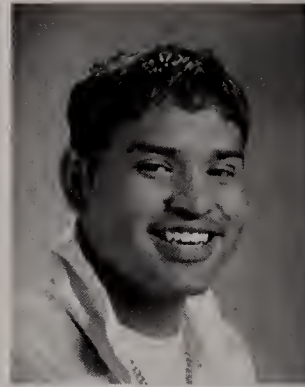

Capricorn: You're not out for revenge. Your struggle towards improvement pays off.

Sagittarius: Make up for lost time. By the end of the summer you will be able to take a calmer and wiser course.

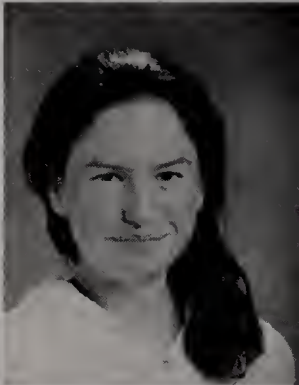

Aquarius: Luck is your middle name. Take a big step back and respect others. Your sanity will return by the end of the summer.

Pisces: You lose your sense of humor, don't worry it's not forever. Raw inspiration, and brute force save you.

"I love SWS. It makes you want to learn more about our history, and the social issues that are going on right now"- Sararose Kirby

JUNIOR

CAUTION: ENTER IF YOU DARE

SWS brings so many different students together. Students who you would think might normally not be friends, are seen together all over campus. The alternative program is an inspiration to learn for many. "Our teachers open our eyes to real life issues that have always been right in front of us, but we have never been exposed to before." Our trips, and enrichment sessions have brought us all closer together. We work better in groups, and have fun and exciting classes. Our teachers make us "want" to learn, not just for a grade, but for ourselves.

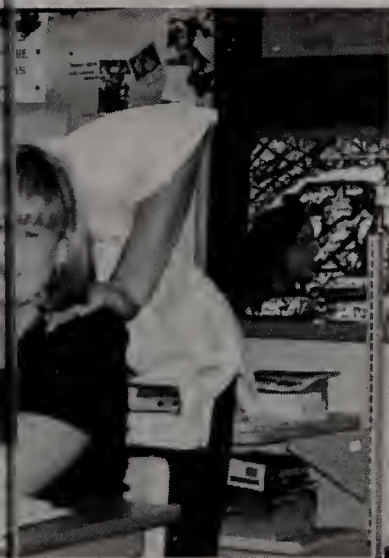

"Never a dull moment."- Karen

Work Experience

...school to work for Nauset Students

Ashley Jamieson teamed up with Mrs. Morris's second grade class at Eastham Elementary School. Working with young kids is something that is useful now and in the future.

Chris Allard knows all there is to know when it comes to fixing cars!! He spends his working hours at Fugates Auto Electric in Orleans. You know where to go if you are having car problems...

Alyssa Van Ryswood has one of the best jobs at The Hole in One restaurant.

She gets to meet new people during the morning and afternoons and in the summer still have time to get to the beach. Alyssa has put in a lot of time and effort at this job and is now one of the managers. Hard work pays off.

Stefan Harris works at The Brewster Inn and Chowder House, assisting the head chef.

He will be attending a Culinary School in the fall.

*Mrs. Pozgay we will hold
you in our hearts forever.*

We will remember Mrs. Pozgay for all of the special moments we shared with her. As our school librarian, she was always ready to help and guide students and faculty alike. Mrs. Pozgay will be forever admired and appreciated for her extraordinary enthusiasm and great affection for students and books.

equal to the Love you Make."*

2004 German Experience

Twenty-two American students and two Nauset teachers embarked on a three week journey to a far far away Deutschland. After spending a week with their German families, the Americans ventured off to southern Germany for four days full of adventure. During this time, experiments were taking place in Munich, at the Hausbrauhaus; new experiences were created in Nurnburg, as well as Heidelberg. We returned back to Duren closer to each other than we were when we left. Everyone was ready to experience real German culture with the start of Karnival. Now that we are home, we will never forget the families we have in our far far away Deutschland.

The Nauset Players present

The Drama Department works hard all year to present outstanding performances. Their efforts pay off and with three great plays are delivered throughout the year. The first play of the year proved to be a challenging one for the Nauset Players. "The Crucible" lasted for two hours, but it held the attention of the audience due to a plot full of emotions and actions. This year the actors took the stage to perform the challenging "Julius Caesar". The final play of the year will be "Jesus Christ Superstar".

We bid farewell to the senior Nauset Players and wish them all the best.

Thank you Ms. Hamer for your patience and dedication.

Kristin Kirby

Our lovely young lady has done so well from the crib to the courtyard of Nauset High. We were always there to help you, but your independence and self-motivation was so very strong. Your ability to set goals and to work toward them so independently was amazing - we were in awe of your dedication and hard work. The success you have had is so well deserved and we are confident that you are prepared to meet the challenges of our complex world. Watching your growth was such a wonderful experience for us. It has been fun sharing those great experiences with you - skiing, surfing, days at the beach, Ireland, Hilton Head, California, The Inn, Sugarloaf, Santa Barbara, Boston, and the Red Sox. We are with you always; we support you and wish you the very best in life. We would say "Good Luck", but we truly believe that you are one of the fortunate few who makes their own luck.

All our Love - Mom, Dad, and Ryan

RYAN, ROY, LOML

The time has flown since we started. At first, it was just the two of us, and it seemed like we did it all. Then, we added extra support and fun, all to blend together as one. One by one, each of you has set out on the road to discovery and accomplishment. Now, it is your turn. You have made us extremely proud the whole way here, and, most importantly, you have taught me to laugh. Everyone you meet along the way will be affected by your positive attitude and easy-going charm. They will always see you coming!! Remember, no matter how far you go or how long you stay away, we will always be here for you. Love you forever,

Dearest Mary Kate,

We are ever so thankful for being the special people in your life that you refer to as "Mom" and "Dad". Unique and precious, you are the only "you" that will ever be. Enjoy being "just you" (because no one else can), love being you so that you can love others, and try to be the best "you" you can be...for all of us.

At birth, your big beautiful blue eyes cried out; "Here I am, vulnerable, honest, innocent, with a zest for living, and, now that you're a parent, I will teach you the meaning of unconditional love...so feed me already." That was 1985, it's now 2004 and your High School Graduation is near. Know that we are both very proud of your many accomplishments throughout your school years. You and your many friends provided our hearts and minds many special memories that we will forever cherish.

Always know that we are here for you whenever you need us for whatever reason and that we are forever...

Your Mom and Dad

To Our Lizzy
 There are few words that can express the endless amount of love and pride that we hold for you in our hearts. You have emerged from a shy and cautious child to a vibrant, thoughtful and driven young woman. You have been fortunate to have had wonderful, caring, supportive friends, who have helped to make the tough times easier and the celebrations more memorable. Hold on to these "treasures" for there is nothing that can ever replace such meaningful friendships. Although it is especially difficult for us to let go of our "first", we know that you are more than ready to explore your future. Strive for success, however, remember that challenges are just as easily attained in small steps. Liz, always know, that wherever you go and whatever path you choose to follow we will always be there for you!

Congratulations!!!

We love you!

Jake,

From the moment you were born, you've been a joy in our lives. Hold onto your dreams and never lose your great sense of humor. We love you and are so very proud of you!

Joseph,

We cannot tell you enough how much we love you and are very proud of you. You have been through a lot during your childhood "Bubble Boy". Through it all you have learned to keep a smile and never lose hope. There is always someone worse off than you. During your life you will have bad and good times. Remember we are always here for support and love. Always keep smiling and stay honest, caring and be a good listener. Just be yourself! God will be with you always. We love you.

You are the princess of our castle
You are our sunlight through a storm
You're the timekeeper in the morning
And the creature of the night
Never one to follow the crowd
And never willing to just bow down
You're our little angel, you little devil
And will stay like that forever
Even though today is over
Tomorrow is almost here
And with tomorrow

You will see the brightness of your future years
But don't forget that home is here
And will be waiting for the day
When you will come back with open arms.
Love Mom, Dad, and Hannah

And Suddenly

And suddenly a child is born, a gift from God to you.

He learns to walk, he learns to talk, and suddenly - he's two.

As years go by, a young boy grows, all bright, alert, alive.

He starts to learn to read and write, and suddenly - he's five.

And all the time it seems to be, he hardly changes when.

He wants to borrow Dad's new tie, and suddenly - he's ten.

And through it all you watch this child, the years have gently flow

He starts to turn to wave goodbye, and suddenly - he's grown.

DUSTY

Wow, time played a trick on us! It seems like yesterday that you were a vivacious young boy, always looking forward to the rest of the day! Now, as you graduate into another phase and grow into your own life, we hope that you never lose your exuberance!

We wish you a world of adventure and experience, and also the serenity that comes from listening to your own heart and your inner voice. We wish you the strength to face challenges with confidence, and the wisdom to choose your battles carefully. We wish you the satisfaction of achieving your goals, and the true contentment that comes from simple things, like a word kept, work well done, friends well-loved, moments of time caught and cherished.

And our greatest wish as you go forth is for you to always know how much you are loved and that the man that you are makes us proud to have you for a son. Love, Mom and Dad

TO OUR DAUGHTER

It's an amazing journey as a parent to watch your little baby girl grow. Your first words, your first steps, your first day at school, your first time on a plane, your first driving lesson, your first car, your first trip abroad, your second trip, your third ...

Julie, you have always been a bright light in our life; spirited, confident, an individual of uncommon compassion and insight.

As we taught you, we learned from you.
As we guided you, you brought us to new places.
As you grew up, we grew too. You have a way of fulfilling your responsibilities while mixing in a generous amount of adventure and fun. Now, as we learn to step back as you chart your own course, we know you will continue to make great decisions.

You have the passion and the power to be and do whatever you choose. We stand by with pride, love, joy, excitement, and hope that your life will unfold the way you want it to.

We are here for you always with a lifetime of love.
May God bless you, and keep you in His care...

♥ FOREVER, LOVE MOM & DAD

Where have all the years gone? It seems only a year ago or so that you were at the ABC School, a few months ago at the Eddy, weeks ago graduating 8th grade, and only yesterday entering the high school.

From an inquisitive, enthusiastic child, to very much the same young man, but so much more...we've had the privilege of watching you grow, seeing you learn, looking forward to your accomplishments. We know your inquiring mind and endless enthusiasm for learning will take you far in whatever you choose to do. Keep that smile bright, learn a lot, enjoy life, and remember that we are proud of you, are here for you, and will love you always.

♥ Look to this day,
For it is life,
The very life of life.
In its brief course lie all ♥
The realities and verities of
existence,
The bliss of growth,
The splendor of action,
The glory of power—
For yesterday is but a dream,
And tomorrow is only a vision,
But today, well lived,
Makes every yesterday a dream of happiness
And every tomorrow a vision of hope.

Look well, therefore, to this day.

Just can't believe you're on your way. Seems as if only yesterday you were just starting pre-school! We are so proud of the beautiful independent young woman you have become. Kayla, Amy and Jessica are lucky to have you as their "Big Sister.!!!

We loved watching you grow from our little girl and look forward to loving the same woman we see emerging. Our house will be so strange next year without seeing you everyday. We know being "the oldest" hasn't always been easy, but hope you saw the perks in it too.

The end of this life journey is here and now is the time for you to flex those wings that you were always fighting so hard to fly with. Just remember to be true to yourself and your family and to fly back home again.

Behind The Scenes Yearbook Staff

All members of The Yearbook Staff have worked this year towards the same goal → an accurate depiction of our times at Nauset Regional High School to enjoy now and in years to come. Accomplishing this goal took many hours of planning, layout designing, picture taking, special interviews, writing copy and captions, proofing, meeting deadlines and more. Everyone worked extra hard this year to make up for the small group involved in production. We would like to thank Mrs. McGown and Ms. Lebow for their hardwork, patience. Also, special thanks to everyone who contributed artwork and helped complete this year's book, especially Mrs. Martin, Mrs. MacDonald and Kendra King.

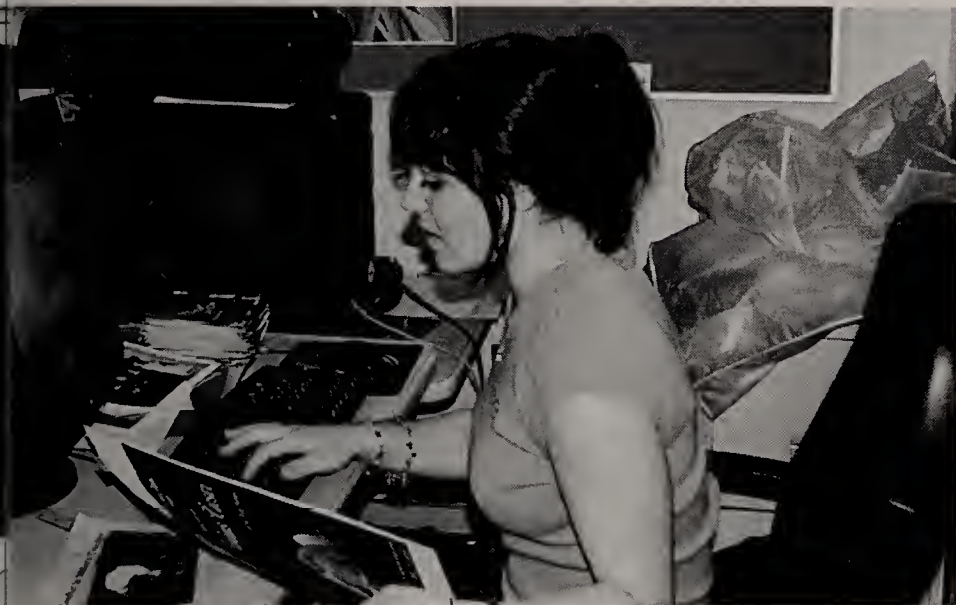

Amanda checks to make sure all club photos have been taken before pages are sent in to the The Herff Jones Yearbook company (left). Katie and Clare finalizing the yearbook staff page (below).

Back row: Sara Kirby, Katie Escher, Clare Seletsky, Amanda Chase and Amanda Fazio.

Work on the computer is a vital part of yearbook production. Lindsey designs a layout for the drama page (above). Below, Amanda and Tara looking for ideas in sample yearbooks.
